## NICARAGUA YIELDS TO UNCLE SAM'S TROOPS!

### RETURNING, JAILED AS SMUGGLER

Second Engineer of Mongolia Evades Law in Frisco but Is Nabbed Here

Evading arrest in San Francisco on a charge of opium smuggling by jumping the Mongolia on which he was second engineer, when she tied up at the docks there, Joseph Francis, wanted here in connection with the Cora-georgos and Chronos opium-smuggling cases, boldly returned to Honolulu on the Lurline yesterday and walked into the arms of officers detailed by the order of District Attorney Breckons to arrest him.

Francis, it is charged, was one of the ringleaders of a smuggling gang on board the Mongolia, which had its headquarters apparently in the engine-room of the big steamer, as Cora-georgos was an assistant engineer on the vessel.

Cora-georgos was arrested when the Mongolia was last here on her way to San Francisco with several hundred dollars' worth of opium in his possession. The connection of Francis was not known until after the steamer sailed, and it was learned then presumably through information furnished by some of those under arrest. The arrest of Francis in San Francisco was requested but the officers there failed to find him.

District Attorney Breckons then learned that he had left the Mongolia and was coming back to Honolulu on the Lurline and the officers were present when the Lurline docked.

Francis is still held in jail. His case is to be brought before the grand jury.

### MOVE MADE TO FORCE SALOONS OFF ALAKEA ST.

Anti-Saloon League's Campaign Against Ryan License Has Definite Object

In a campaign to force all saloons off of Alakea street, George W. Paty, agent of the Anti-Saloon League, is making a hard fight to prevent the liquor license commission from authorizing the transfer of Paddy Ryan's saloon from its present location in the Occidental Hotel to a point across the street and a little further toward the waterfront.

The campaign came openly before the board yesterday with the filing of petitions for and against the transfer of the license. Ryan's license was renewed by the liquor commission last June and has nearly a year yet to run. He has bought a piece of property across the street and is asking that the license be transferred to the new location.

Both petitions are numerous signed, the petition against the transfer being the majority of property-owners in the immediate district, it is claimed by Mr. Paty, who has prepared a map to show that the big property owners close around the proposed location object to Ryan being given a saloon license there.

On the other hand, a petition was presented on behalf of Ryan, who was represented by his attorney, E. C. Peters. The petition is signed by more

### BIG GUNS OF OAHU SUCCESS IN HARD TEST

Coast Artillery Does Some Remarkable Firing at Schofield Barracks

RESULTS PROVE THAT ORDNANCE IS EFFECTIVE

Powerful Batteries Now Ready To Do Good Work at Any Time

The defenses of Oahu have again been strengthened, and still another obstacle placed in the path of an invading enemy. For this morning the test firing of the big siege guns and howitzers that have lain idle since their arrival many months ago was successfully completed. There is now another powerful battery of 5-inch rifles and 7-inch ground hogs, ready to pour a deadly hail of shell and shrapnel on hostile troops, and there are two companies of Coast Artillery now competent to do execution with the guns.

This morning's firing was done at Schofield Barracks, the range being across the plain at targets set on the slopes back of the post, that looked scarcely bigger than pin points from the battery. The gunnery of the Coast Artillerymen was remarkably good, considering the age of the pieces, the quality of the ammunition, and the fact that until two weeks ago neither officers nor men had ever had anything to do with this type of ordnance. Had the fire been directed at a block house, a wall, or a body of men on the hillside, every one of the twelve shots fired this morning would have taken effect, for the "volcanoes" of dust and rock from the solid shot erupted periodically from the wooden targets, while bursting shrapnel rained destruction on and around the targets.

Better Than Expected.  
"I am more than satisfied with the shooting done by the two Fort Ruger companies," said Major E. J. Timberlake, district commander, who was an interested observer at today's practice and the one two weeks ago. "It is a surprise to me that the pieces themselves proved so accurate, and with newer powder I think the results would have been even better."

"These guns," continued the major, "belong to the Coast Artillery district, and are at Schofield only because we had no place to store them at Ruger. Also, there are better opportunities to

### HUSBAND KILLED BY AUTO, WANTS \$10,000 DAMAGES

An automobile fatality that occurred on May 16, 1910, near the entrance of Kamehameha School grounds, is the subject of a suit for \$10,000 damages brought by the widow of the victim, Virginia de Mello Barboza, against the chauffeur of the machine, Edward Cluney, which is now on trial before Judge Cooper. Separate suits brought by five children of the deceased are pending, each calling for like damages.

E. C. Peters is attorney for the plaintiff in the case on trial, and W. T. Rawlins for the defendant. It is expected that the trial will take several days. The jury consists of Benjamin H. Zablan, Sam A. Green, Albert A. Husey, Charles Butzke, Frank A. Batchelor, H. P. R. Glade, L. H. Underwood, Simeon K. Hao, Jr., Carl Rhodes, Charles F. Gilliland, Adolph F. Gerrit and Charles S. Veight. Cluney was tried and acquitted of manslaughter on account of the killing in question.

### LATEST SONG HIT IN JAPAN TO BE SUNG BY CONSUL MORI

Diplomat To Entertain Kin-yo Club With Accompaniment on "Biwa"

Under the auspices of the Kin-yo Club, a Japanese literary organization, Japanese Acting Consul General Mori will entertain his associates in the Mochizuki Club this evening. Mr. Mori, who has been appointed Japanese Consul in Peru, and who will leave shortly for Japan, preparatory to sailing for his new post in South America, it is said, has consented to sing one of the best musical compositions that has ever been published in Japan.

According to the members of the Kin-yo Club, of which Mr. Mori is a member, he is one of the best musical instrumentalists in Japan. He is a specialist on a Japanese musical instrument called the "biwa," and it is expected that the entire membership of the club will be present at the gathering to be held in the Mochizuki Club tonight.

### Delegates Flock To Hilo For Big Trade Convention

[Special Star-Bulletin Wireless]  
HILO, Sept. 26.—Honolulu's delegates to the conference of commercial bodies of the territory, held here under the auspices of the board of trade, have arrived and the conference promises to be a success. Four delegates have come from Maui, the visit of Secretary Fisher to the Valley Isle just at this time, up setting the arrangements for its delegation to some extent.

Hilo is doing things up in fine style, the town throwing open its doors to receive the visitors.

Splendid spirit is shown by everyone, and much good for the territory should come from the convention.

(Continued on page 3.)

### FISHER'S TRIP IS PROVING STRENUOUS

[Special Star-Bulletin Correspondence]  
HILO, Sept. 24.—Whatever the condition of affairs may be at Waiohinu, the score or more of homesteaders who appeared before Secretary of the Interior Fisher to tell their troubles Saturday afternoon freely declared that Governor Frear is not to be blamed. The fact that a number of applications for title to homesteads may have been held up, they charge to misinformation given him by the interests, which they openly asserted, are fighting them tooth and nail.

This was probably the most interesting development of the early part of the Secretary's tour of the Big Island. The statements of the homesteaders came as a surprise to the Governor, who, from the previous statements that had been made to the Secretary at his sessions in Honolulu, had good reason to suppose the homesteaders here were taking an active part in the accusations against him.

The situation is perhaps more acute in the Waiohinu district than in any other part of the Islands as regards the feeling between the small sugar growers and the mill-owning plantations. It is here that the Thompson Settlement Association took its lands, and it is Manager Wolters of the Hutchinson plantation, at this place, who is accused of employing sharp methods to drive the settlers away. Manager Wolters and Dr. Thompson, head of the association, both were witnesses at the hearing, which lasted nearly three hours, in the courthouse. Feeling Is Bitter.

The Secretary found the feeling very bitter on both sides. Many of the homesteaders informed him that came out two years ago still lies on their ground; that the Hutchinson mill is the only one which can handle it, but that Manager Wolters will permit the mill to stand idle before he will touch their crops. They assert they are tied hand and foot, and that Wolters, not satisfied with refusing to buy their crops, hampers them in every small way possible.

Manager Wolters, on the other hand, told the Secretary a tale of woe almost equally full of recrimination against the homesteaders. He told of the hundreds of small things done by them to injure the Hutchinson plantation's business. So far as can be ascertained, the hearing disclosed, more than anything else, a situation that has grown principally out of personal animosities.

Volcano Is Sullen.  
It was a weary and somewhat sullen Kilauea that greeted Secretary of the Interior Fisher Sunday afternoon, when he and his party, including Mrs. Fisher and Mrs. Mott-Smith, drove over from the Volcano House a couple

(Continued on page 3.)

### MERGER FOR HONOLULU'S VAUDEVILLE

Liberty Interests and the Hon. Amusement Co. Sign Agreement

BIG CIRCUIT PLANNED TO INCLUDE ORIENT

No Houses To Be Closed; Policy of High-Grade Attractions Announced

Honolulu's leading vaudeville interests are to be consolidated at once. Formal arrangements for the merger of Ye Liberty theater and its interests with the Honolulu Amusement Company were completed at noon today, when an agreement was signed by representatives of both sides and preparations were made to file incorporation papers at once of the Consolidated Amusement Company.

The merger of these theatrical interests brings to a consummation negotiations that have extended over a considerable period. Dropped once before, the negotiations were lately renewed and a definite agreement was finally reached. Under the agreement, the Liberty and the Honolulu Amusement Company will each hold 50 per cent. of the capital stock and share alike in the financing of the new venture. The properties are not consolidated, the merger including, however, the management of all the properties by the one head. The properties are not put into the capital stock account, the stock being placed in the incorporation papers at \$3000. All of the individual structures are leased to the consolidated company for a period of three years.

Robert R. McGreer, now manager of the Liberty, is to become general manager and treasurer of the new company and will have general supervision of the theaters. The officers will be as follows:

G. T. Chong, president; J. A. Magoon, vice president; J. H. Magoon, secretary; K. R. McGreer, treasurer and general manager.

No showhouses will be closed, it was stated today by Mr. McGreer. The present houses will be run along practically the same lines as at present, except that better attractions, says he, will be secured for all the theaters. The Liberty will undergo some improvements, particularly as to acoustics, and will be made a strictly high-class vaudeville house, and strong attractions are to be secured for all the houses. The Empire will feature first-run, expensive films.

Big Circuit Planned.  
In connection with the consolidation of interests, the new company plans an ambitious circuit that will carry acts of the highest class from San Francisco to Manila. The new circuit is now in process of organization, with Shanghai, Hongkong and Manila to receive the attractions after they leave Honolulu. Should the plan be successful.

### MADERO GIVEN TO OCT. 12; GEN. SCHUYLER ON THE JOB

Report Reaches Army Officer Here of Proposed Intervention

The United States through President Taft has given Madero until October 12 to either show that he can protect Americans, or resign. If he fails to do either, intervention with an armed force will follow at once.

This was the information received here yesterday by a high army officer from Washington, who vouched for its authenticity, inasmuch as he said its source could not be questioned. It was further stated that Senor Calero, the Mexican ambassador to the United States carried this stern message in person, leaving Washington hurriedly for Mexico City.

It is believed that if the United States intervenes in Mexico, Gen. W. S. Schuyler, commander of the Department of California, who was formerly colonel of the Fifth cavalry here, will command. Schuyler is now on the border in Arizona.

BERLIN, Sept. 12.—The official trial trip of the German battleship Kaiser, which was launched at the Imperial dockyard at Kiel in June, 1911, was made today. The warship's average speed under forced draft over a measured mile was 23.15 knots an hour.

But a rolling stone gathers some dirt.

## REBEL GENERALS SURRENDER TO SOUTHERLAND: WILL BE EXILED

ADMIRAL W. H. H. SOUTHERLAND Who received surrender of generals.

### POLICE JUDGE SETTLES MARITAL TROUBLES

"I do not believe that you really wanted to shoot your wife, and, furthermore, had no serious intention of carrying the threat into execution, so I will discharge you from custody of this court," stated Police Magistrate Monsarrat from the bench this morning in passing judgment on the case wherein C. C. Souza was alleged by his better half to have employed unbecomingly and threatening language in addressing his wife.

The Souzas aired their marital differences before a fair-sized gathering at the "Monsarrat Matinee." Souza, it is alleged, decided to change his abode and therefore gathered up his goods and chattels and sought a new home with his parents.

Judge Monsarrat passed out some wholesome advice to both husband and wife, with a view of a speedy reconciliation. There is a possibility that the warring factions in the house of Souza may be brought together in the interests of peace and harmony.

The police charged that C. C. Eleven, a soldier indulged too freely in the rather reprehensible pastime of striking promiscuously at passing Chinese and Japanese. The indicted

### Plan Now To Send Men and Leaders In Revolt To Panama And Hold Them As Guarantee Against Further Outbreak

[Associated Press Cable]  
WASHINGTON, D. C., Sept. 26.—General Mena, leader of the Nicaraguan revolution, with his entire army, has surrendered to Rear-Admiral W. H. Southerland, commanding the United States forces in the turbulent country.

A strong force of United States marines fought their way from Managua to Granada, a city besieged by the revolutionists as the key to the country. The marines relieved the city, the inhabitants of which were in the throes of starvation, and immediately began preparations for advancing actively against the rebels under orders from Taft to keep all lines of communication open. The revolution collapsed with the relief of Granada. It is understood that Admiral Southerland has authority to mete out punishment to the rebels, and that it is his intention to banish Mena and other leaders of the revolution to Panama where they will be held under the supervision of the United States government as hostages against any further attempts to force Zelayism on the Central American people.

### Must Tell Where T. R. Got It

[Associated Press Cable]  
WASHINGTON, D. C., Sept. 26.—Chairman Clapp of the Senate committee investigating the Roosevelt campaign fund contributions of 1908, has summoned J. P. Morgan, Ormsby McHarg, formerly connected with the Department of Justice; C. C. Teggathoff, private secretary to the late Edwin Harriman, and Loeb, Roosevelt's former secretary, to testify September 30.

### Two Bull Moose Candidates

[Associated Press Cable]  
WASHINGTON, D. C., Sept. 26.—The Progressives have nominated Winston Churchill, the famous novelist and foe of the Boston and Maine Railroad, for Governor of New Hampshire, and Herbert Knox Smith to make the race for the office in Connecticut.

### REBELS THREATEN AMERICANS ON BORDER

[Special Star-Bulletin Cable]  
JUAREZ, Mex., Sept. 26.—The rebels have destroyed the railroad near here, cut the telegraph wires and burned the bridges.

PEARSON, Sept. 26.—The rebels are in force near this city and are threatening to kill all Americans.

### HEAD OF MORMON CHURCH URGES VOTES FOR TAFT

[Special Star-Bulletin Cable]  
SALT LAKE CITY, Utah, Sept. 26.—The Mormon church and its machine came out strongly for Taft today, when Joseph F. Smith, its prophet, seer and revelator, came out in a signed statement, declaring that if the people should again call Taft to the presidential chair they would not be likely to regret their action.

### JAIL FOR MEXICAN REBELS WHO CROSS INTO U. S.

[Special Star-Bulletin Cable]  
WASHINGTON, D. C., Sept. 26.—It was officially announced here today that all Mexican rebels caught over the line in the United States will hereafter be subject to confinement as prisoners of state.

### INVENTOR MARCONI MAY LOSE SIGHT OF EYE

[Special Star-Bulletin Cable]  
ROME, Italy, Sept. 26.—Marconi, the inventor, who was injured in an auto accident yesterday, may lose the sight of his right eye. He passed a restless night.

### NEW YORK GIANTS WIN NATIONAL LEAGUE PENNANT

[Special Star-Bulletin Cable]  
NEW YORK, N. Y., Sept. 26.—The New York Giants won the pennant today, when they took a double-header from Boston.

(Additional Cable on Page 12)

### CARTER GETS WANTED MAN

Harbor Officer Carter made a clever capture this morning when he landed Walter Morris, alleged to be an escaped prisoner. Morris is charged with having parted company from the steel-bound brig of the United States army transport Logan on the occasion of the last visit of the vessel to this port.

The man, rated a military convict, was being transported from the Philippines to the mainland when through some means he made his get-away, and his absence was not discovered until some hours afterward.

Carter wandered aboard the American schooner Blakeley this morning and looking over the crew then being mustered preparatory to the sailing of the windjammer for the Sound, espied a seaman who much resembled the description in his possession of the much-wanted military prisoner.

GEN. W. S. SCHUYLER May be called upon to intervene in Mexico.
